Model AT70S Printer Specifications

Physical Size:	19"W x 18"D x 13"H	Standard Media Sizes:	3.5" x 5" to Max 15" x 15.5"
Weight:	55 lbs	Max Print Width:	9.4" x 15"
Electrical:	120 VAC, 60Hz	Media Thickness:	Up to 1/4"
Print Resolution:	Vertical x Horizontal 600 x600 dpi 600 x 300 dpi 600 x 150 dpi	Interface:	USB and Ethernet
		Agency Approvals:	TUV, FCC

Speed Up Drying While Retaining Print Quality

High Speed, High Quality Printing, Drying and Finishing Using TC36 Conveyor with Drop Stacker and TD36 Dryer

The TC36 variable speed conveyor is easy to integrate with AUTOPRINT® desktop printers to increase production speed and throughput. The TD36 dryer mounts over the conveyor to speed up drying action on printed cards and boxes. Together, the TC36 Conveyor with drop stacker and TD36 Dryer increase productivity to complete printing and barcoding jobs quickly and efficiently.

Model TC36 Conveyor

Speed:
1,000 inches per minute
Media Size:
Maximum: 10" x 13"
Minimum: 3" x 5"
Physical Characteristics:
Chassis: 12.25"W x 35.13"L x 3.25"H
Drop Tray: 12.25"W x 12"L x 8.25"H
Power:
AC: 120 Vac, 60Hz, .06amp = 7.2W = 24.6 BTU
DC: 120 Vac, .48 amp = 5.83W = 19.8 BTU@Mtr.

Model TC36 Dryer

Physical Characteristics:
Chassis: 5.25"W x 18.75"L x 5"H
Power:
AC: 120 Vac, 60Hz, 5.68 amp = 681.6W = 2325.6 BTU

Assists drying on most varnished or coated stocks.
Drying capability varies by media.

AUTOPRINT® products are sold and serviced by experienced equipment distributors located throughout the United States.
Call 201-529-0202 to find the distributor in your region.

Our mission is to turn orders into deliveries: on time, right, every time.

AUTOPRINT® Tabletop Printers

featuring… Inkjet Technology by hp invent

High Resolution Printing

AUTOPRINT® tabletop printers are ideal for printing on flat stock, such as display cards, hang-cards, laminated pouches and small boxes. These printers utilize HP print cartridges and feature the print quality and performance standards of thermal inkjet technology. Text, barcodes and graphic images can be printed at resolutions of 150, 300 or 600 dpi.

Prints:

- Display Cards
- Hang Cards
- Flat Boxes
- Laminated Pouches
- Tyvek

Versatile And Easy To Use

Single Cartridge/Traversing Head Printer for printing variable messages across the width of cards, boxes or pouches from top to bottom. Up to 14,000 lines (0.5 inches high) can be printed per hour. Ideal for printing single-line lot and date codes or multi-line messages and identifiers over the complete face of the card, box or pouch. An all metal chassis and integrated feeders make these units extremely durable and easy to set up. Standard configuration feeds media from 3"x5" up to 15"x15.5". A custom hopper can be added for smaller items (only two inches wide) and "fine grit" rollers are available for articles with polished surfaces.
