X1JET HP PRO Handheld

Description: AT Information Products announces the Handheld coder. The Handheld is a mobile printer for HP cartridges. The functions are identical to the X1JET HP "Pro". The settings of the device and print images are transmitted via USB on the top of the device.

Advantages:

-- Mobile printing is possible
-- Independent through 10.8V

Limitations:

-- No editing of print images possible
-- Connection via USB stick only
